CTD1-BLU-9E

Overview

The Edge Toploader TSA friendly laptop bag provides full functionality and practicality for the mobile minimalist who carries their technology with them from home to the office, on a business trip or to the local coffee shop. A large, zippered accessory pocket organizes and stores business cards, pens, keys, smartphone, MP3 players, power cords and other traveling essentials.
A front panel with a secure zipper pocket provides immediate access to your small essentials like keys, a wallet, ID or passport, cash and other small items. Add comfort to your journey with the padded shoulder straps and non-slip grip handles. A luggage strap on the back panel slips over the telescoping handle of most rolling luggage. The Edge Toploader Laptop bag accommodates notebooks with displays up to 16.1 inches (diagonally).

TSA Checkpoint-Friendly

A dedicated padded laptop section is designed to fit up to a 16-inch laptop. The V7 Edge Frontloader takes out the calculated risk of damage in exchange for less padded bags. Its also TSA-friendly for quickly moving through checkpoints when youre traveling.

Organization

As a portable workstation, the V7 Edge Frontloader has ample room for storage and includes a key clip, four pen loops, netted accessory pockets, cell phone pocket, and a separate file section.

Ergonomics

The bag features padded shoulder straps keeping hard edges away from you and the cushioned front and back halves of bag handles make the bag more comfortable to carry in allowing for maximum weight distribution.

Materials

The bag is well made with durable 600-denier Gucci polyester with blue polyester accents. The bag is rugged enough to withstand the pokes and prods of office furniture, security conveyors, slinging into trunks, daily jostling, and even the adventures of "off-roading" when the great outdoors calls.

Specification

V7 Model #	CTD1-BLU-9E
IM SKU #	J152029
